WHY WICKED6

Power the pipeline. Fuel the future.

Meet the women shaping the future of cybersecurity and AI, from students to senior practitioners, representing 38 countries last year. Wicked6 is a conference designed to showcase women in cybersecurity and AI, with talks and game platforms built to sharpen real workplace skills.

> **Everyone is welcome.** Men are welcome to attend the event and play the event games. Only all-women teams can win the Attack & Defense Championship.

Sponsors support the cybersecurity and AI talks, games and experiences that help these women grow and advance their careers, and get access to technical talent, real engagement and global visibility, not just a logo on a page.

~640 Registered + streamed, 2026	**38** Countries, 2026	**21** Speakers from 6 countries	**8** All-women A/D teams

Technical talent

Get in front of skilled women in cyber and AI who compete, build and defend. Recruit, mentor, and be the brand they remember.

Real engagement

Not a banner. Lead a session, run a channel and talk with players directly.

Global visibility

Your brand across the event, email and social channels, and in front of the women's and affinity groups who partner with Wicked6 worldwide.

TRACK RECORD SINCE 2023

2,500+ Tickets across four events	**94** Speakers since 2024	**34** All-women A/D teams since 2024	**48** Countries in a single year

THE WEEKEND

3 days. 6 games. One global weekend.

Wicked6 is a three-day, 100% virtual weekend: six cyber games, live Hack & Chat talks and the all-women Attack & Defense Championship. The games run Friday through Sunday, so players everywhere can join at a good local hour. It is an epic opportunity to have fun, learn hands-on skills and network with women in cybersecurity and AI across the globe.

FRIDAY
Kickoff and the six games open

SATURDAY
Hack & Chat talks + the A/D Championship

SUNDAY
Final rounds, winners and closing

FROM WICKED6 2026

What players and speakers say

"In 2024, I was quietly wishing I'd be among the girls representing my community in the CTF at Wicked6. I wasn't selected. In 2025 I applied to speak, and guess who spoke at Wicked6 2026? Me."

2026 HACK & CHAT SPEAKER

"I placed 3rd at the Wicked6 GT Edge AI CTF, and I'm still excited about it. What I didn't expect was how much it would push me to think differently."

2026 AI CTF PLAYER, 3RD PLACE

"CCSO launched its first ever all-women cyber team for Wicked6! Competitors analyzed source code, exploited vulnerabilities to capture flags, and patched their own services to defend against attacks."

CCSO, 2026 ALL-WOMEN A/D TEAM
